PROFESSIONAL SUMMARY

I am a Computer Science Engineering student proficient in HTML, CSS, JavaScript, and React.js, with a growing interest in Java and web development. I aim to enhance my skills in full-stack development through real-time projects and continuously expand my technical knowledge. I am eager to contribute to building innovative, user-friendly, and responsive web applications while growing as a software developer.

EDUCATION

Nehru Institute of Technology, Kaliyapuram, Coimbatore 2023 - 2027

Bachelor of Engineering in Computer Science and Engineering - CGPA: 7.72

Government Higher Secondary School, Pottireddipatty, Namakkal 2022 - 2023

12th Standard - Percentage: 70.3%

Bharathi Higher Secondary School, Reddipatty, Namakkal 2021 - 2022

10th Standard - Pass

PROJECTS

Student Portal *Personal Project | React.js*

- Developed a fully responsive Student Portal using React.js and reusable components.
- Implemented student registration, login, dashboard, and CRUD functionality.
- Managed application state using React Hooks and stored data using Local Storage.
- Built a clean, interactive, and user-friendly interface with efficient component architecture.
- Structured the codebase into modular, reusable components to improve maintainability and readability.
- Applied responsive design principles to ensure smooth usability across desktop and mobile screens.

Hospital Appointment System *Personal Project | React.js*

- Developed a Hospital Appointment System entirely using React.js with reusable components.
- Implemented patient registration, doctor listing, appointment booking, and management features.
- Used React Hooks, React Router, and Local Storage for state, navigation, and data handling.
- Designed a responsive and intuitive user interface to improve the appointment booking experience.
- Built multi-page navigation with React Router for a seamless single-page application experience.

Quiz App

- Developed an interactive Quiz App using **HTML, CSS, and JavaScript**.
- Implemented multiple-choice questions with instant answer validation and score calculation.
- Used JavaScript DOM manipulation and event handling for dynamic quiz functionality.
- Designed a responsive and user-friendly interface for an engaging quiz experience.

SKILLS

- Programming Language: Java
- Web Designing: HTML, CSS, JavaScript, React.js
- Programming Tools: Visual Studio, IntelliJ IDEA, Antigravity IDE
- Version Control: GitHub, Vercel

INTERNSHIP EXPERIENCE

Web Development Intern - Agavian Software Technologies Pvt. Ltd. 2 Months

- Completed a 2-month internship in Web Development.
- Worked with HTML, CSS, JavaScript, and React.js to develop responsive web pages.
- Gained hands-on experience in front-end development and real-time project implementation.
- Improved problem-solving, debugging, and coding skills.
- Collaborated with team members and completed assigned tasks within deadlines.

CERTIFICATIONS

- Web Development - Internship
- Object Oriented System Development using UML, Java and Patterns - NPTEL
- Introduction to HTML, CSS & JavaScript - Coursera
- Introduction to C Programming - Coursera
- Green Skills and Artificial Intelligence - Edunet
- Indoor Air Pollution: Sources, Effects, Monitoring, Control and Modeling - NPTEL
- Crop Modeling and Simulation for Agricultural Production Management - NPTEL

PERSONAL DETAILS

Father's Name: Rajkumar T.

Mother's Name: Lakshmi R.

Date of Birth: 15 July 2006
